- As of coding literacy campaign, many faculty member completed coding course.

3. Discussed about what did not go well in the AY 2022-23:

- Could not get the place in NIRF-2023 ranking.
- GMR private university initiative could not take shape due to the Government of AP policy
- For the 2023 outgoing batch, placements with the bulk recruiters are not up to the expectations

4. Discussed the issues related to effective classroom delivery.

All the members agreed to concur with the following:

- Faculty members shall prepare well with their own teaching material for an effective 60 min duration in the classroom.
- Faculty shall prepare the teaching plan well in advance ensuring the completion of the syllabus within the prescribed number of hours as per the weekly timetable and academic calendar.
- Faculty members shall acquire story telling skills; Articulating skills; and communication skills to ensure Physical explanation of the concepts along with the effective utilization of the board.
- Teacher shall use PPT presentation prepared by themselves to visualize and explain the complex topics and spend more time in articulating the concepts to ensure effective learning.
- Effectively utilize the board and avoid simply reading the running text in the PPT presentation.
- Effective engagement of the student beyond the classroom by giving home assignments and supporting them to take up innovative projects.
- Faculty shall command respect rather than demanding respect by threatening the students.
