

Criterion VII– Institutional Values and Best Practices

7.1.1 (B) *Campus surveillance with CC TV (Audit report)*

The college campus is under 24-hour CC Cameras surveillance, which helps monitor and prevent any antisocial activities. This system also encourages students and staff to remain cautious and responsible within the premises. As a result, discipline is maintained, and a strong sense of security is provided to students as well as their guardians. Additionally, students are required to always wear identity cards to ensure proper identification. The institution thus ensures the safety and well-being of its students in every aspect.

SN	DVR LOCATION	BLOCK NAME	Cameras
1	Block 1	GF	8
2	Block 1	FF	7
